

Goudhurst Village Pre-school

NEWSLETTER

14TH JUNE 2021

Can you all believe what a beautiful weekend we have all just experienced. We have been very blessed with such wonderful weather at a time when we can all begin to meet with friends and family again. We hope you have all enjoyed the weekends sunshine.

This week we are continuing our theme of the Olympics, sports, and games. We will be using cardboard tubes to paint the rings of the Olympic logo and making use of all the lovely craft items brought in by the children.

Our number for the week is 7 and our colour is yellow. Please encourage your child to search out items that are yellow at home and when out and about.

Sunscreen: The sun in the past few days has been particularly strong and in such lovely weather we would still like to be spending as much time as possible outside. Please remember to apply sunscreen to your child/children before they come to pre-school and provide a sunhat.

Pre-school Photos – Monday 21st June: Sarah our photographer will be taking the children's photographs. Please let Jo or Kat know asap if you don't want your child's photograph taken or if you want siblings to be included

End of term – Dates for your Diary: Please note that the below events and activities are provisional and rely on the easing of lockdown by the government and any guidance issued that we must follow.

Monday 21st June – Pre-school photos by Sarah

Saturday 3rd July – Pre-School clothing and toy sale

Thursday 15th July – Sports Day – more details to follow nearer the time.

Tuesday 20th July – Leavers Presentation – could all non-leavers be picked up by 2pm on this date to allow for us to have a leavers celebration. All leavers and their parents/carers will be invited to attend the presentation at 2.30pm in / or around the church rooms.

Wednesday 21st July – Last day of term – As per usual we will meet at Bewl Water 10-1pm. You will be responsible for your own child/ren but pre-school staff will be around to help celebrate the end of another academic year, one which we will all remember for some years to come.

Clothing and toy donations: We are holding a pre-schoolers outdoor sale on Saturday 3rd July. If you have any good quality pre-school clothing or toys you would like to donate to the pre-school, we would be happy to receive them. Please leave outside setting in a bag and inform a member of staff they have been donated. The pre-school has had limited fundraising capacity due to covid restrictions and will use any funds raised from donations for new equipment and for our pre-school garden.

Voluntary Contributions: We would like to say a massive thank you to those that paid your voluntary contributions last term and continue to do so. We cannot tell you how important these contributions are to the pre-school for resources that directly benefit your children. Last term our voluntary contribution amounted to less than £100 and we also lost over £7,000 in the Autumn term, as a result of lockdown, so any voluntary contributions received this term would be very gratefully received.

Sickness: It has been noted on occasion that we have not been informed if a child is not going to attend setting for their normal session(s). If your child/ren is not going to be in, could you please make sure that you inform Jo or one of the pre-school staff.....

- in advance, for example in the case of a pre-planned holiday
or
- calling setting on the number below if they are ill or something has come up on the day.

We have to follow up for non attendance if we are not informed by a parent or carer. Also if it is a pre-planned absence we could offer this space to someone as a one off session if they needed it.

If your child is showing symptoms of coronavirus, please DO NOT send them into setting.

- **A high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
 - **A new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
 - **A loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal
- Most people with coronavirus have at least 1 of these symptoms.

If your child is showing any of the above symptoms you will need to seek medical advice and get them tested. Please be aware that Covid-19 is now presenting with varying symptoms, so we would advise your child to stay at home if they have a sore throat, headache, are achy or feel nauseous. However, if you can remember a time before Covid-19, if your child is unwell for any reason and you would usually have kept them home then please continue to do that. This is to protect the children and staff at the pre-school and other parents and their wider families. Your co-operation in this regard is very much appreciated. If your child is expected in setting and is ill and has to take a sick day, then please ring the setting asap to let us know: 01580 212777 / 07483 262753.

Payments: Please could you wherever possible make payments to the pre-school by direct transfer to our bank account. (Natwest: Account No. 30090377 S/C. 60-06-18). Whilst we understand that sometimes this is not possible it would be our preference so ask that you avoid paying by cash or cheque unless it is necessary.

If you have any queries or issues, please feel free to you speak to Jo Galloway in setting or on 01580 212777 / 07483 262753. As well as Jo Galloway, our manager, your child's key worker and Zoe Bedford-Cooper, our business manager zoeggvp@gmail.com I am always available should you wish to discuss any aspect of your pre-school experience 07766 553728 / jaynegvp@gmail.com.

GENERAL NOTICES:

Parking: Please be mindful to other users when dropping off and picking up, so parents are not blocked in when they need to do another drop off or get to work. Please do not park in the vicarage driveway as this is in daily use and the vicarage is now occupied.

Grapes / Olives & Blueberries: Please remember to cut your grapes, olives and blueberries in four. This is the current Health and Safety guidelines. They can completely block a child's airway and this is the simplest way to take away this risk. Grapes should be cut length ways at a very minimum, but in four is recommended. The same applies to any rounded soft fruits / vegetables.

Nuts and sesame: Can we remind all parents that no nuts of any kind or sesame are allowed in your child's lunch in setting.

GENERAL ARRANGEMENTS AT THE PRE-SCHOOL:

Children will have a 'staggered' drop off at pre-school at 8.45am, 9.00am and 9.15am. This is to avoid a bottleneck at these times at the pre-school doors and to promote social distancing.

Pre-school pick up will be staggered according to your child's start time.

All children will be managed in one bubble with six members of staff.

Jo or Kat will welcome children as they are dropped off at the main door and they will be supervised during washing their hands and then enter the hall. Parents will be asked to wait by the fencing of the play area and maintain social distancing. Parents will be called to the bottom of the ramp one at a time and are asked to encourage their child to go to the door to be greeted by a Jo or Kat and it is requested that only one parent/carer drops off. Once parents have dropped their child, they are asked not to hang around the pre-school building.

We remind parents that they:

- Must bring weather appropriate clothing. (coat/warm clothes and appropriate footwear etc).
- Must bring a named water bottle for their child.
- Must drop off and collect children on time.
- Must ensure that children do not bring anything into pre-school except a wipeable lunch box, a coat and named water bottle – no bags will be allowed in the church rooms.
- Parents will not be allowed inside the church rooms.
- All parents will be asked to wear a face covering and to adhere to social distancing (two metre rule) while waiting to drop off and collect children.
- Any significant communication between staff and parents should take place via email or phone to aid drop off and pick-up rota. Your child's Keyworker will say goodbye where it is possible.

GENERAL HYGIENE

The government advice is currently that sanitisers containing alcohol are effective against Covid19 but those without alcohol are not.

- Sanitiser with alcohol will be available for adults but not children
- Paper towels will be used for drying hands.

Children will use soap and water to wash hands:

- On arrival
- After break
- Before / after lunch
- After use of toilets
- After sneezing / coughing / blowing noses etc
- Before and after using equipment
- Whenever staff feel it is necessary.
- Children will be reminded frequently by all staff, to follow the catch it – bin it – kill it principle.

Should a child become unwell with COVID-19 symptoms.

Staff do not need to wear masks or gloves according to government guidance in pre-school in general; however, gloves / aprons and masks will be worn when dealing with children with possible COVID-19 symptoms if a distance of two metres cannot be maintained. Any children showing symptoms will immediately be isolated in the upstairs room or on the decking by the outside gate (weather dependant) of the church rooms and parents will be called. A member of staff will remain with the child. Any area in which a child has been isolated or anything they have touched will be cleaned. If staff are concerned that a child is unwell, parents/carers will be called immediately. Please do not send your child in if they are showing any signs of symptoms associated with COVID-19.

When a child or staff member develops symptoms compatible with Coronavirus, they will be sent home and advised to self-isolate for 10 days. Their fellow household members should self-isolate for 10 days. All staff and children who are attending pre-school will have access to a test if they display symptoms of coronavirus and are encouraged to get tested in this scenario.

Where a child or staff member tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating. They could still have another virus, such as a cold or flu – in

which case it is still best to avoid contact with other people until they are better. Other members of their household can stop self-isolating.

Where a child or staff member tests positive, we will engage with the NHS Test and Trace through our local Kent Public Health England Protection and follow guideline and recommendations from them. If someone tests positive, they should follow the '[stay at home: guidance for households with possible or confirmed coronavirus \(COVID-19\) infection](#)' and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to pre-school only if they do not have symptoms other than a cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10 day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 10 days.

If you have been on holiday recently, please adhere to the Government guidelines regarding quarantine times associated with individual countries.

CHURCH ROOMS PREPARATION

- All unnecessary clutter / items have been removed so that all surfaces including floors are easy to clean.
- All soft toys or equipment that are hard to clean / soft furnishings have been removed.
- All outdoor equipment – plastic skipping ropes / hula hoops / balls though etc will be cleaned at the end of the pre-school day with disinfectant.
- Only plastic wipeable chairs will be used by staff and children which will be cleaned daily.
- All toys that have been used during the pre-school day will be cleaned with disinfectant at the end of day and when needed, during the course of the day.
- VENTILATION IS VITAL – All doors and windows where possible will be open for ventilation.
- There will be lidded bins in pre-school for the disposal of tissues and any other waste and these will be emptied two or three times a day as necessary.

First Aid:

Any significant first aid will be carried out as usual.

PRE-SCHOOL RESOURCES

- Resources are rotated so that thorough cleaning is well organised and manageable. Resources are chosen daily to be accessible and cleaned daily. eg. two sets of construction resources out on Monday – two different for Tuesday etc to allow time for cleaning as well as providing choice
- Reading books are sanitized. Books are returned and sanitized
- Outdoor activities are encouraged, weather permitting

SNACK TIME

- Snacks will be prepared by one member of staff, there will be no change in the type or availability of snacks from normal.
- Each child will bring their own water bottle.
- Each child will have their own plate and be served by a member of staff using tongs.
- Plates will be washed and cleaned as usual.

MENTAL HEALTH/WELLBEING

All children will have missed the routine of pre-school, seeing their friends, and being supported by staff. Where possible staff will:

- Encourage children to talk about their experiences of the past few months.
- Prepare activities to allow children to express their feelings, be mindful and have a greater sense of wellbeing.

EYFS, OBSERVATIONS & ASSESSMENT

- All observations will continue as normal where possible.

Many thanks,

Jayne Russell & Jo Galloway
